The image is a vertical collage. At the top left, there are dried, light-brown plant stalks with small, pointed leaves. Below them, a large, rectangular piece of white paper is tilted slightly to the right. On this paper, the words "LIFE IS A BLISS" are written in a bold, black, serif font. Below this paper, another piece of white paper is visible, also tilted. It contains the text "You must design a life where you wake up each day before your alarm rings you up" in a black, cursive script font. The bottom of the image shows more dried plant material, including small, round, light-brown berries or seeds. The overall background is a soft, light beige color with subtle shadows and textures, suggesting a layered, artistic composition.

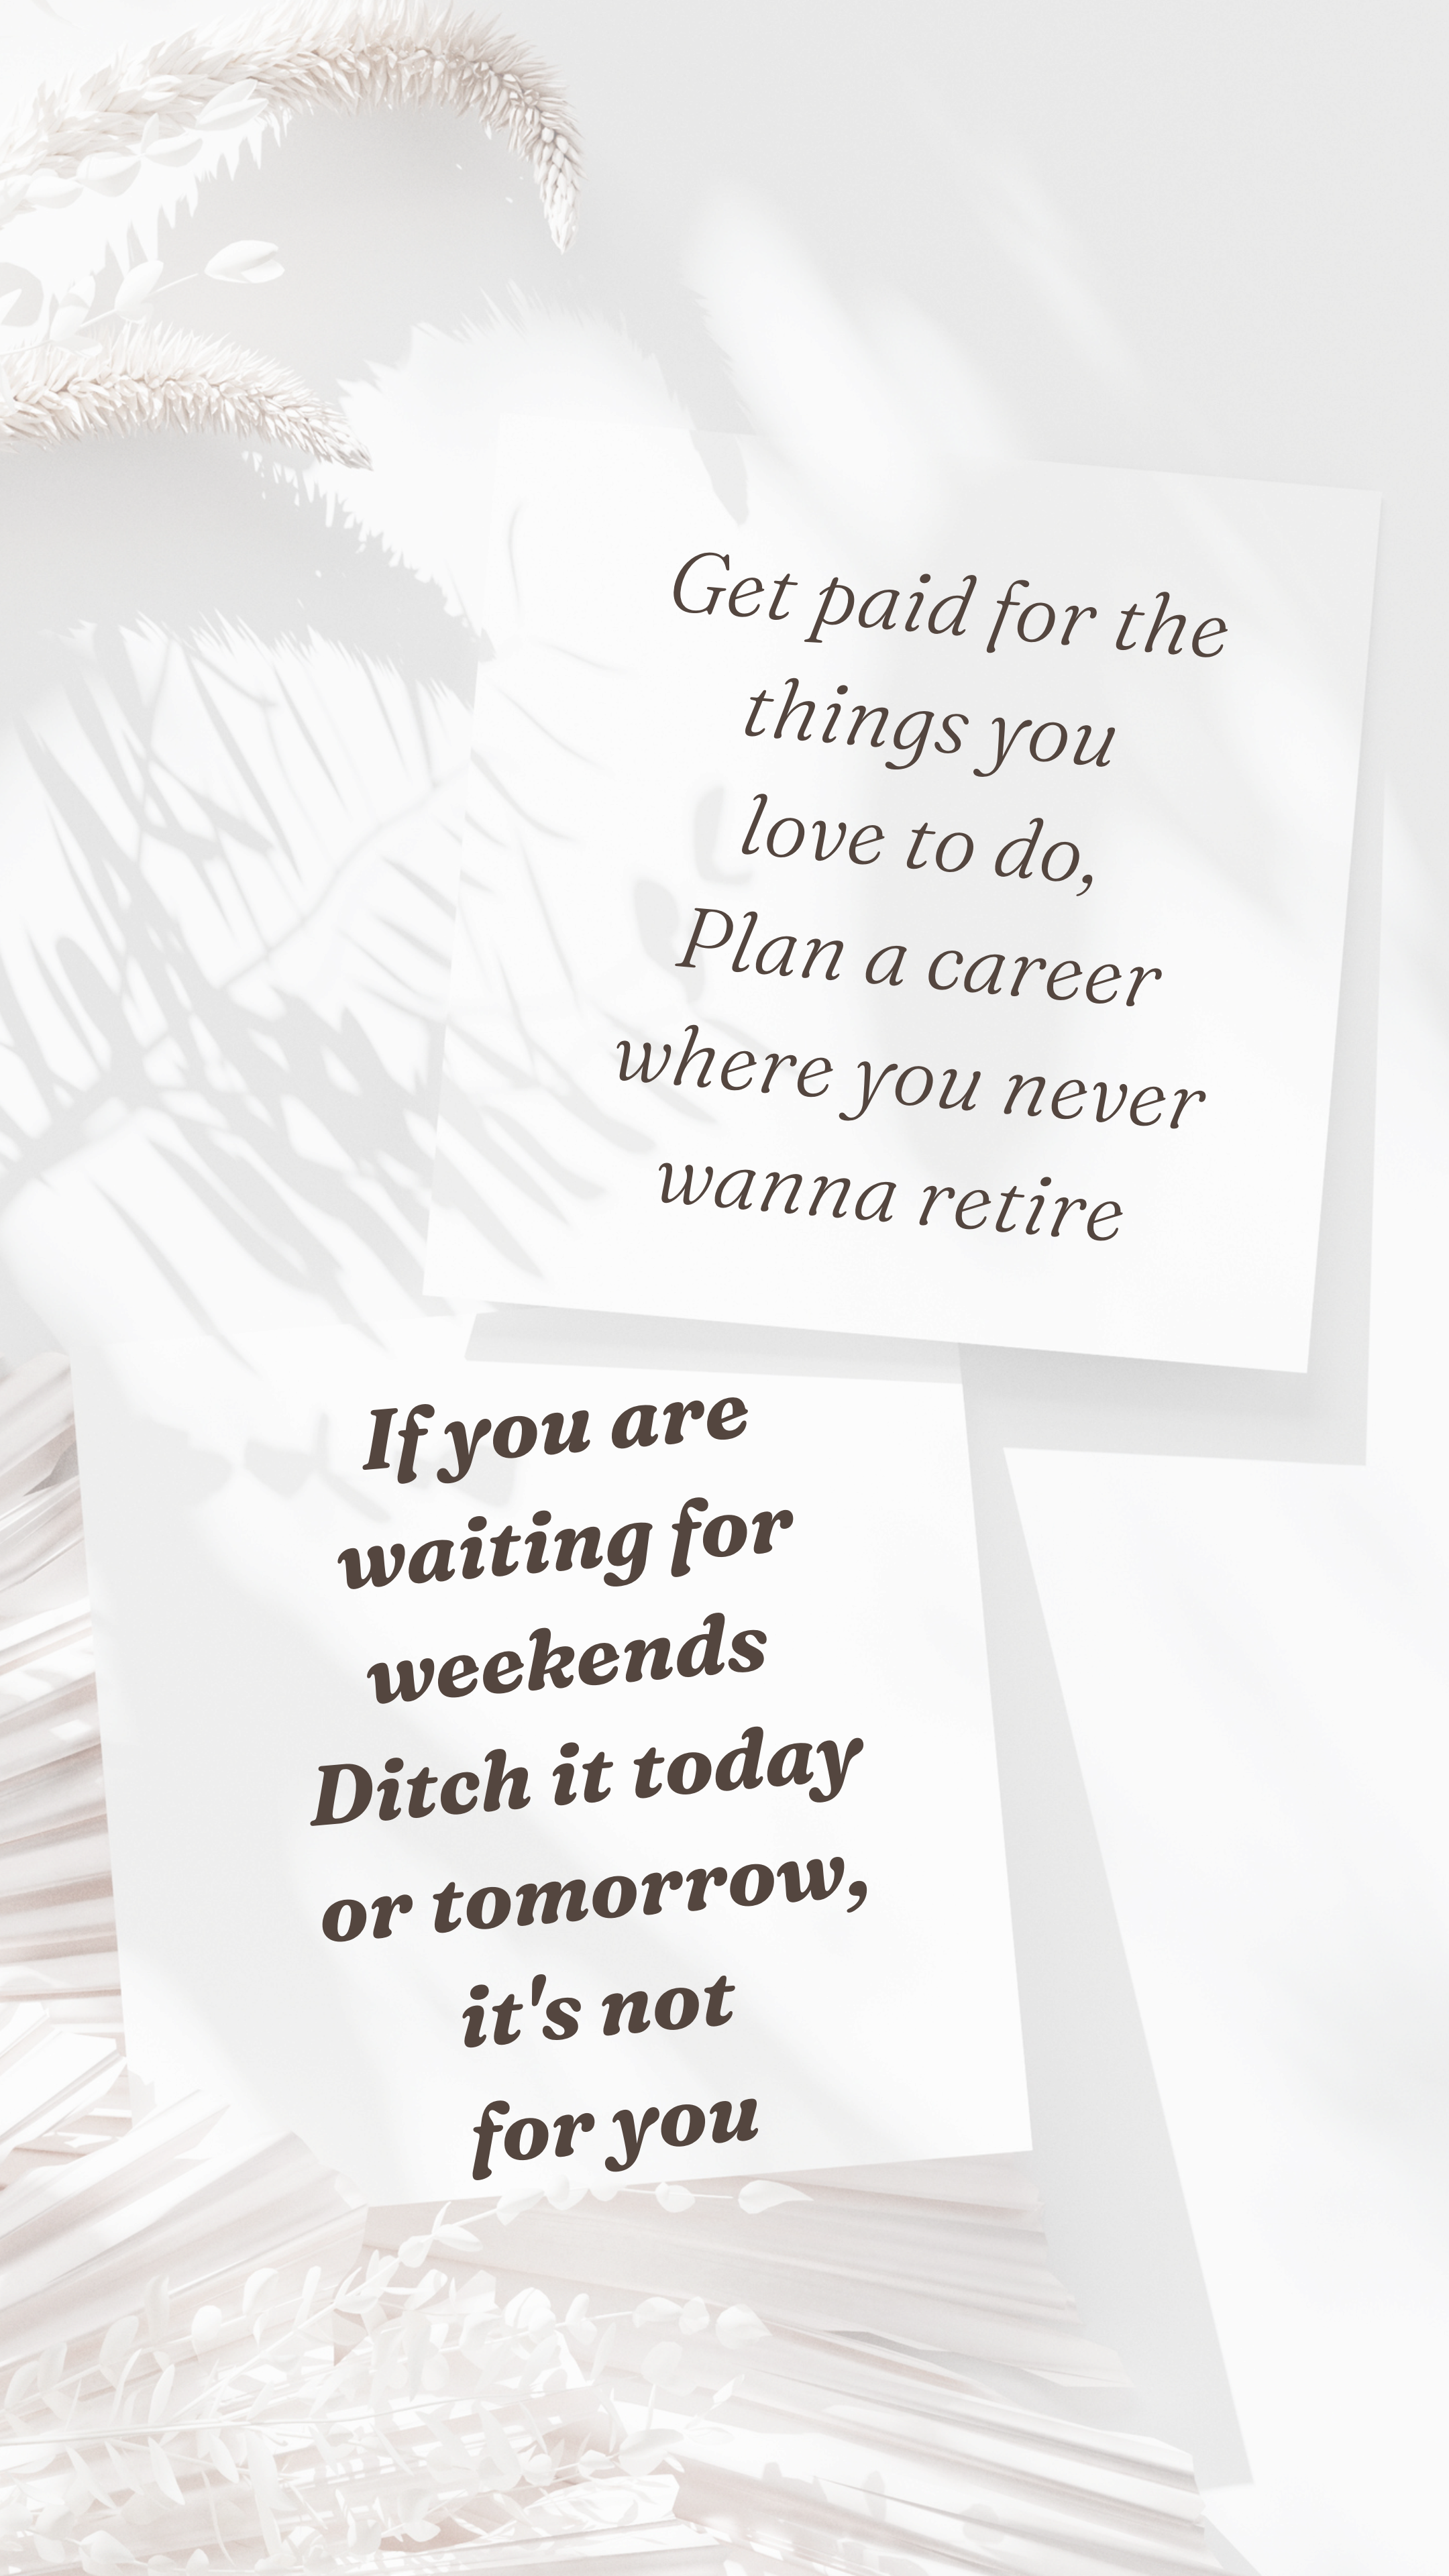

LIFE IS A BLISS

*You must design a
life where you
wake up each day
before your alarm
rings you up*

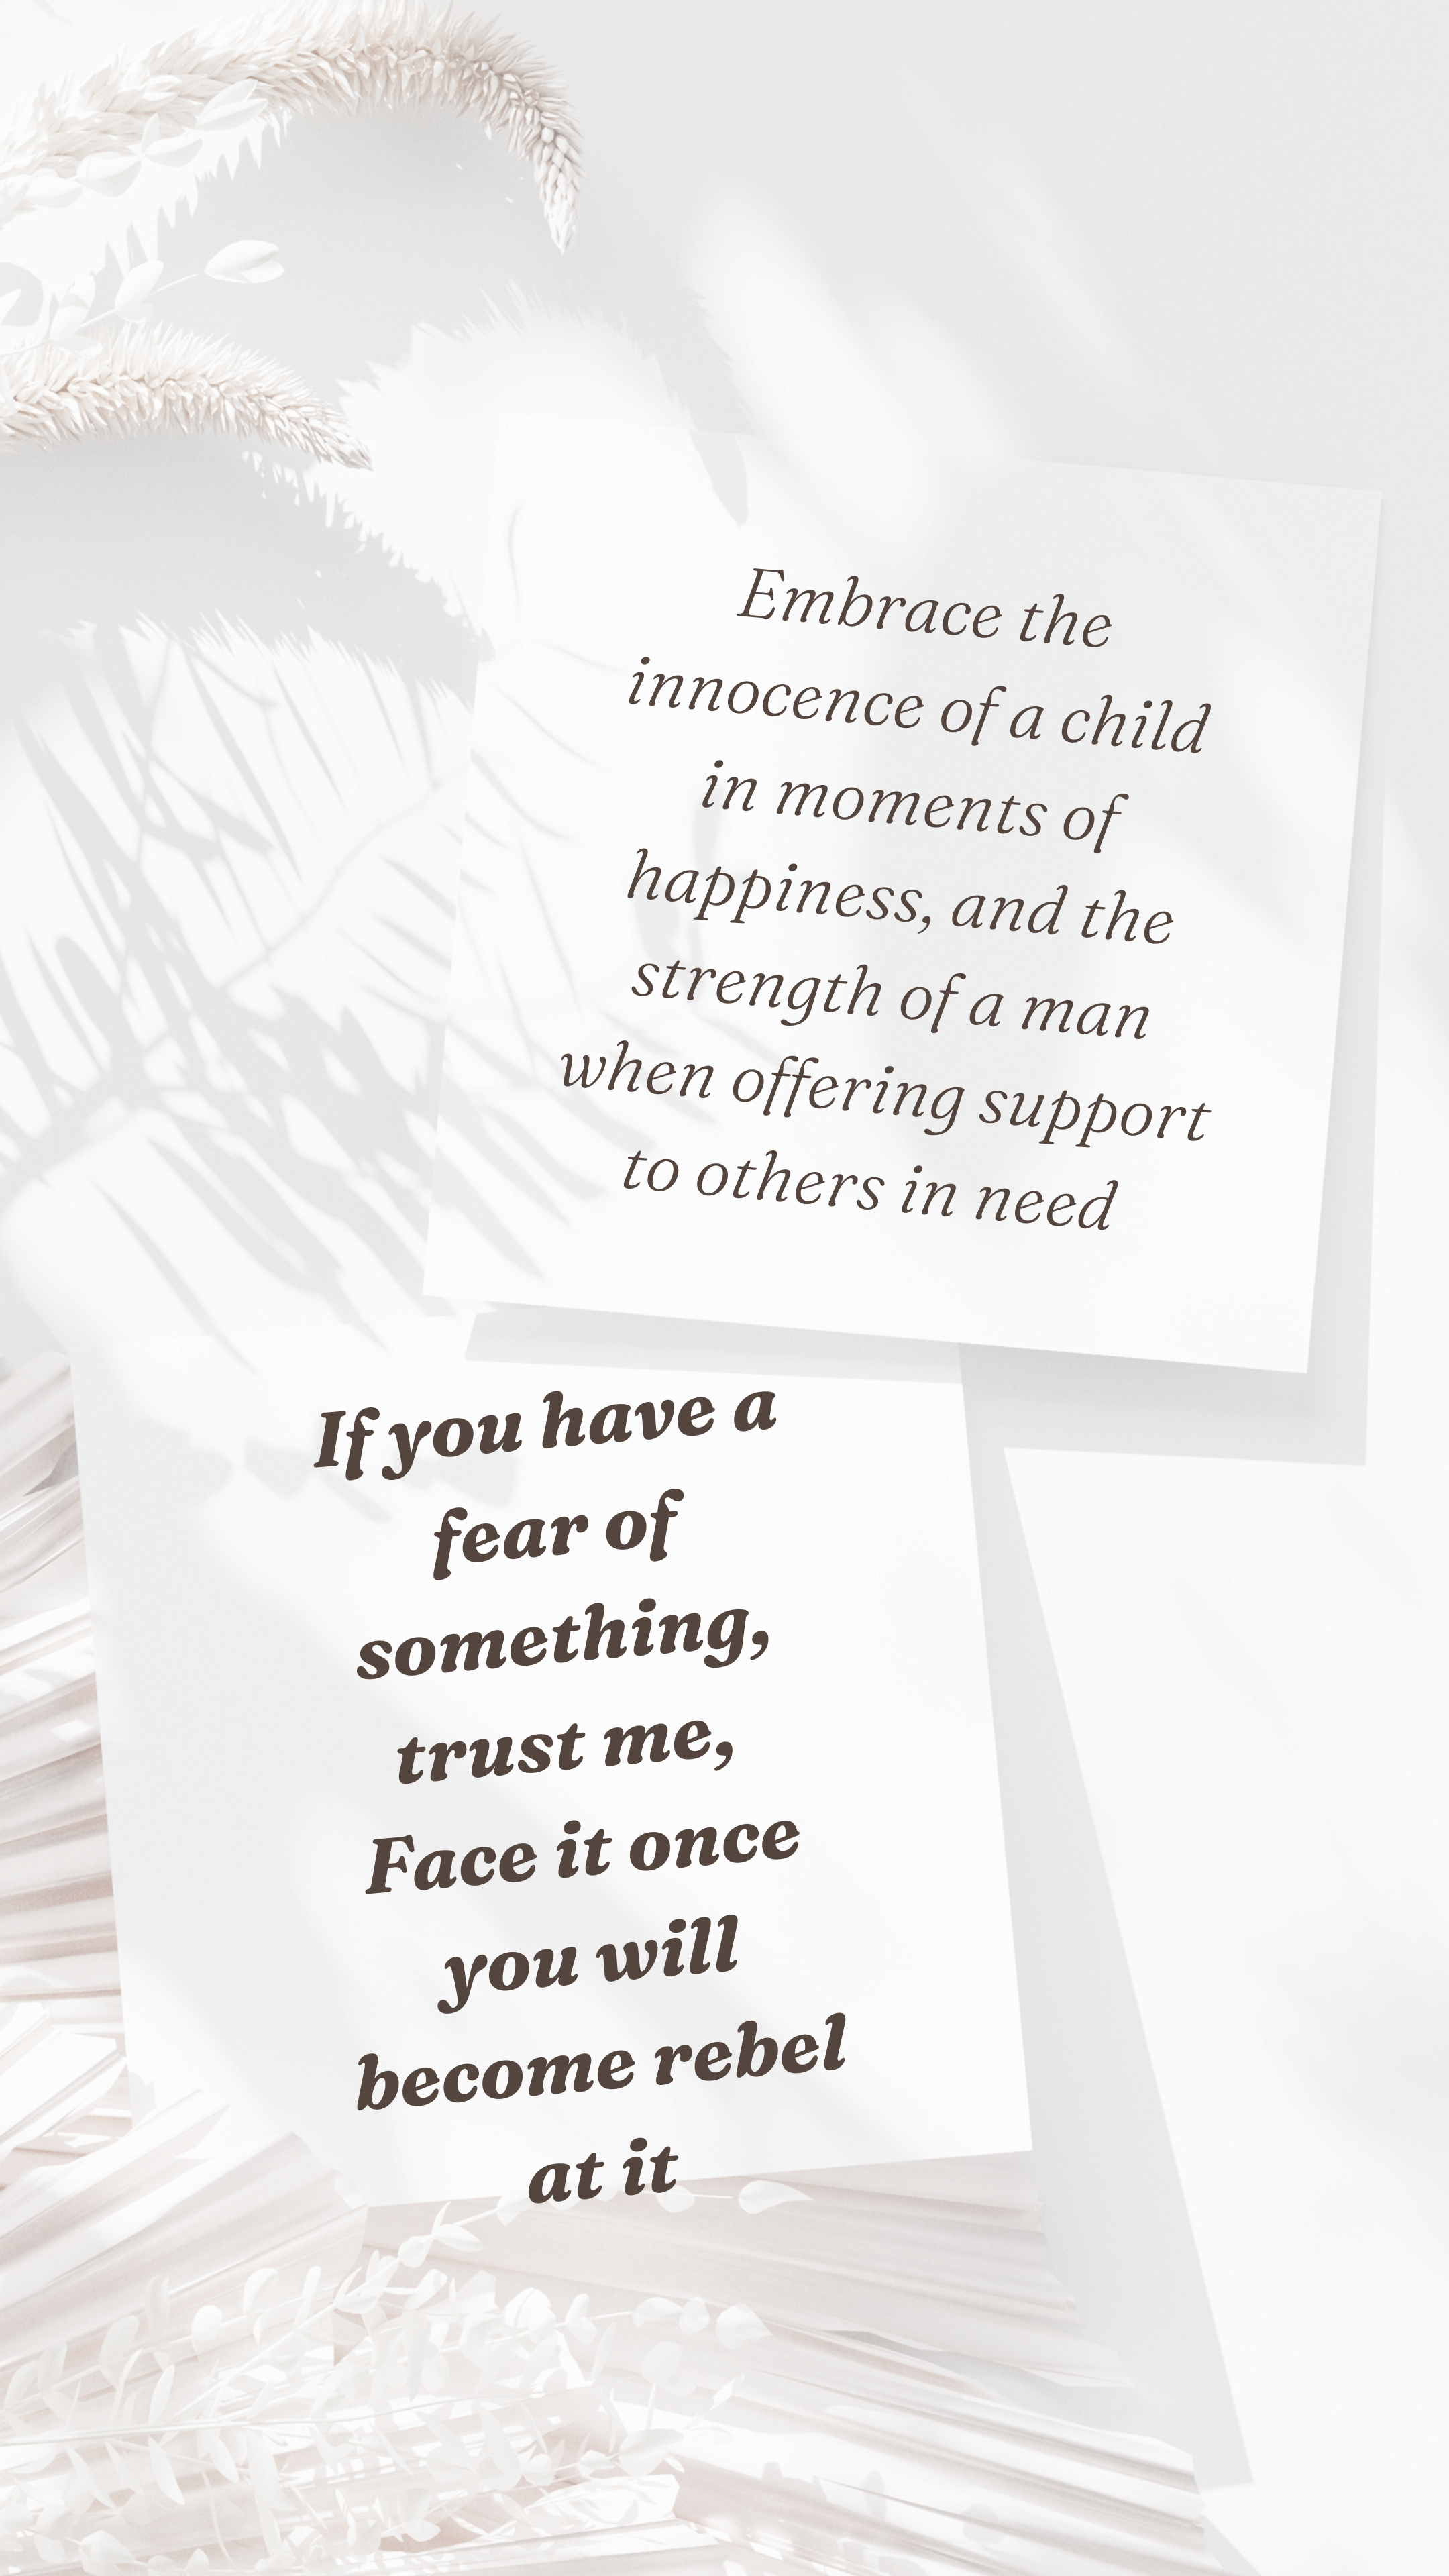

*You must smile
irrespective of
what you are
going through*

***You must be the
happiest
person on earth
before hitting
your bed***

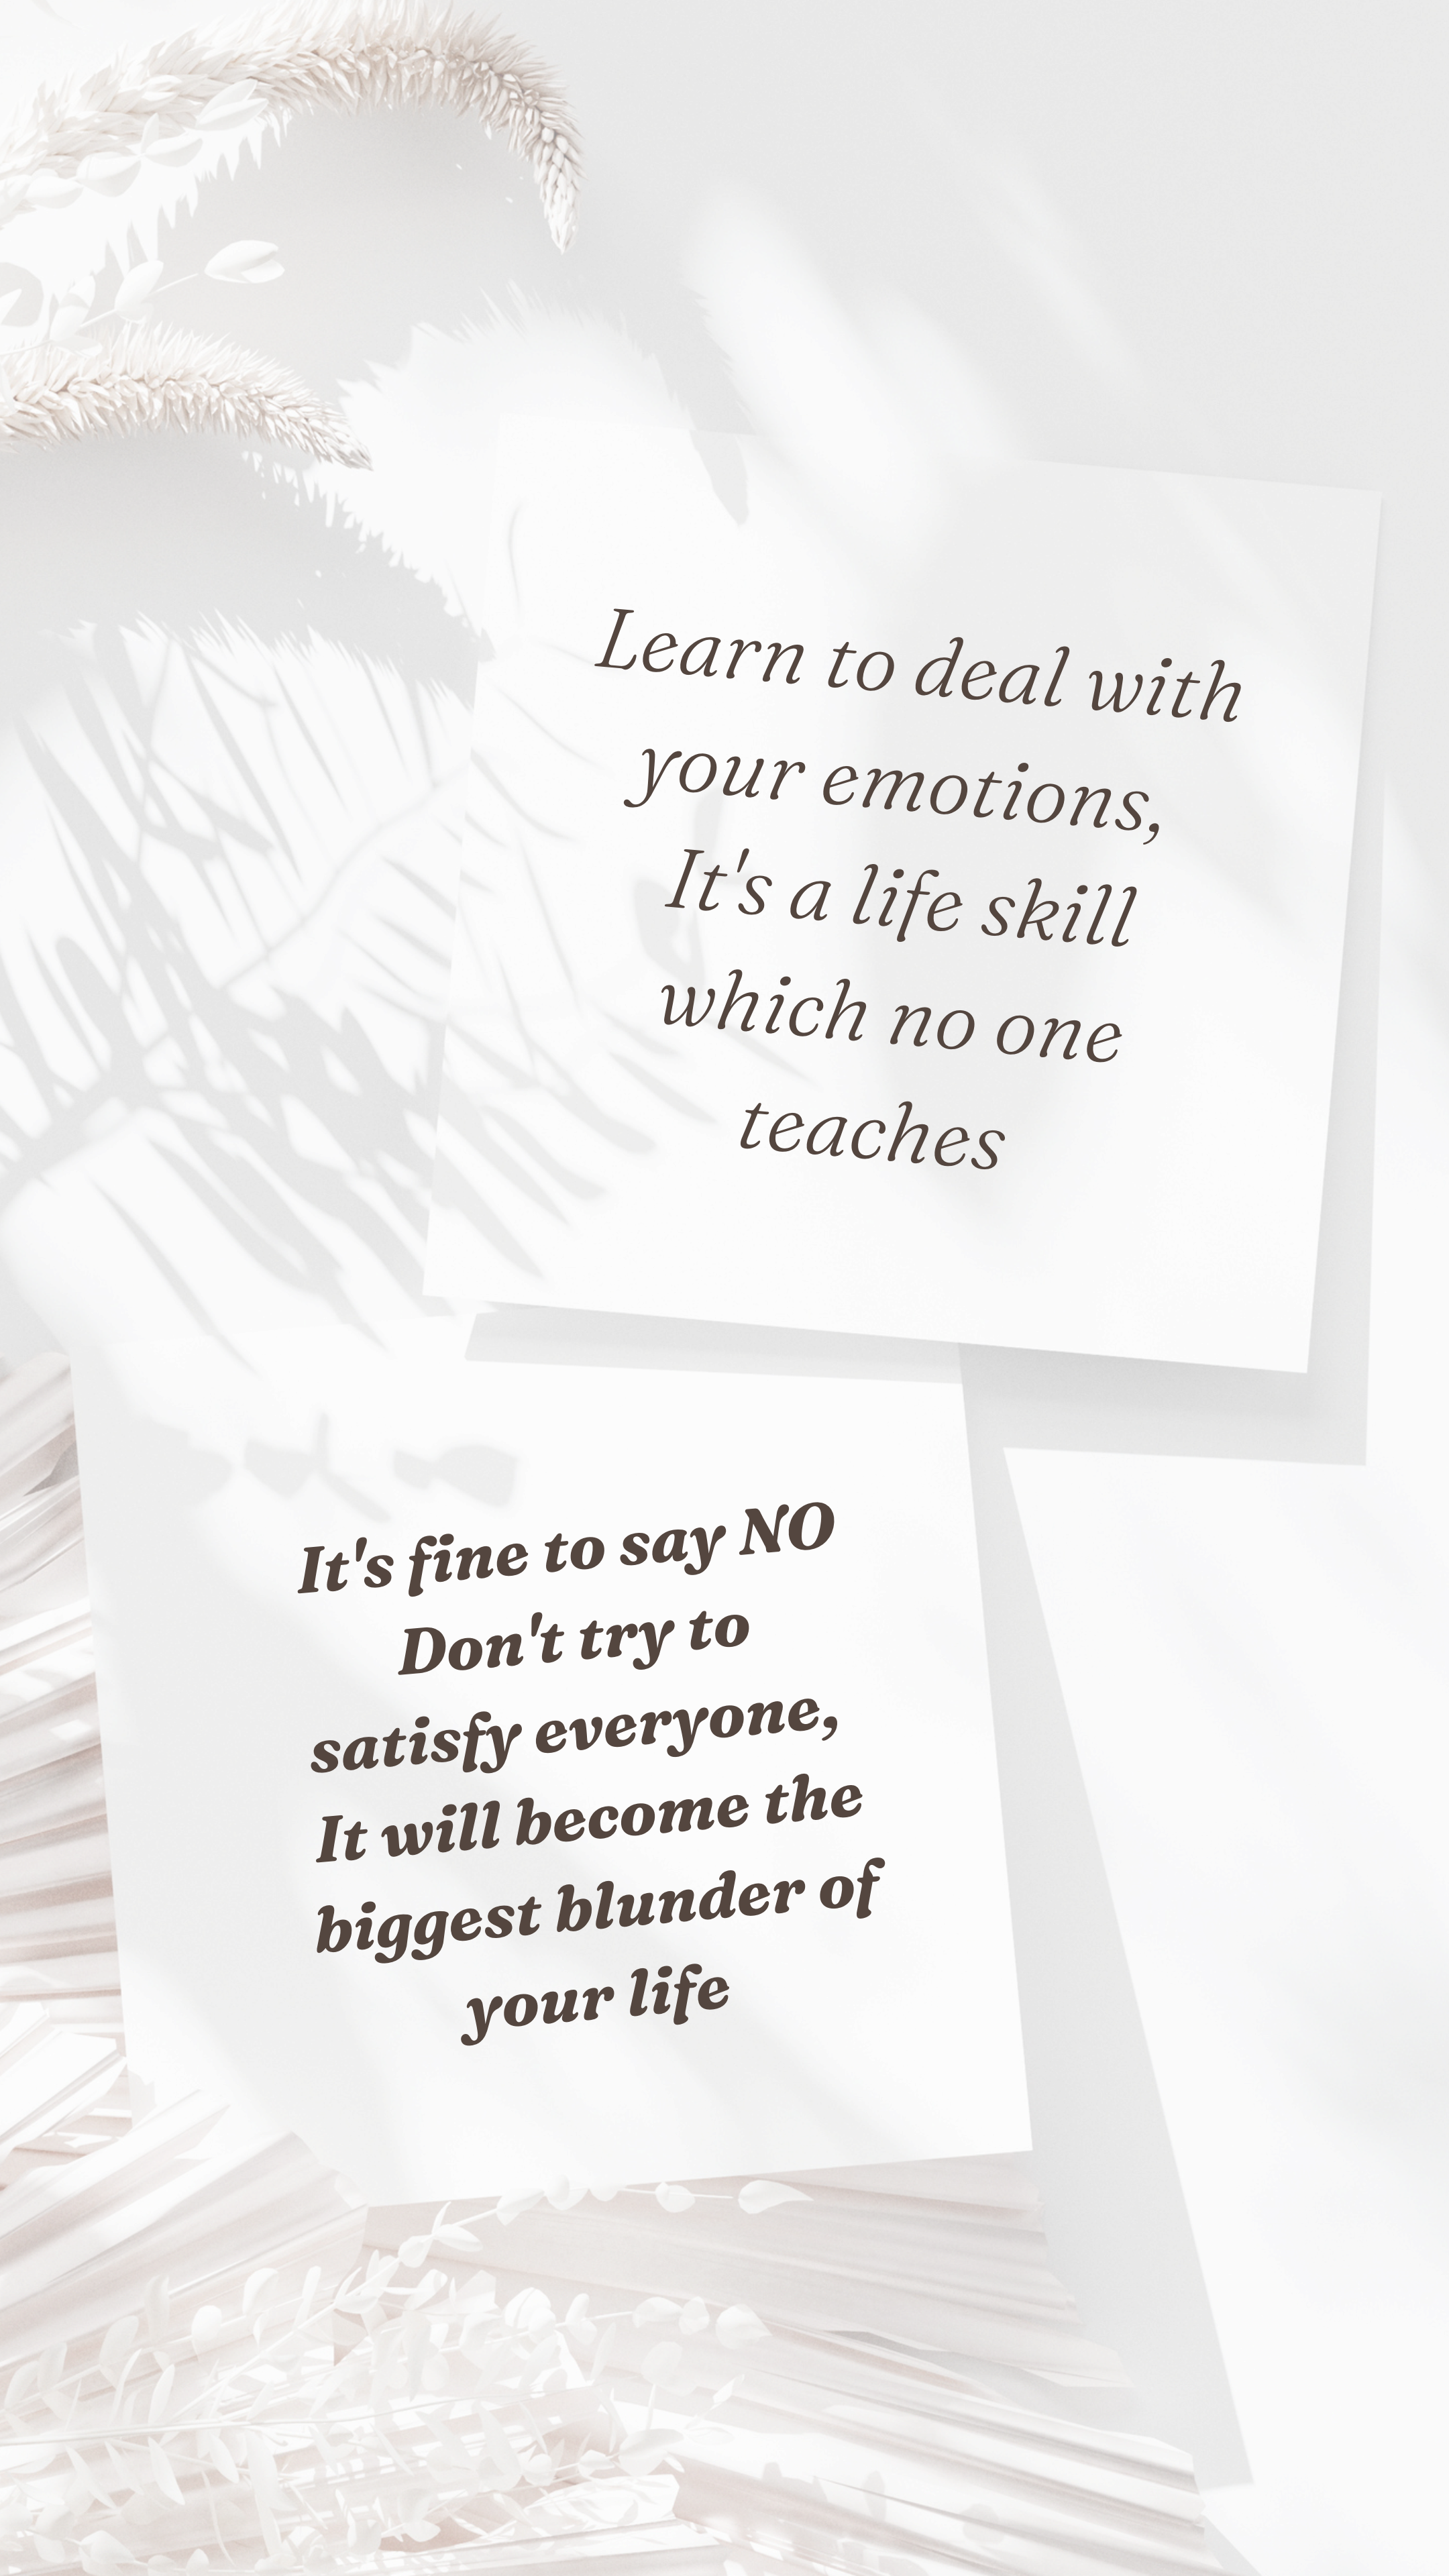

*Get paid for the
things you
love to do,
Plan a career
where you never
wanna retire*

***If you are
waiting for
weekends
Ditch it today
or tomorrow,
it's not
for you***

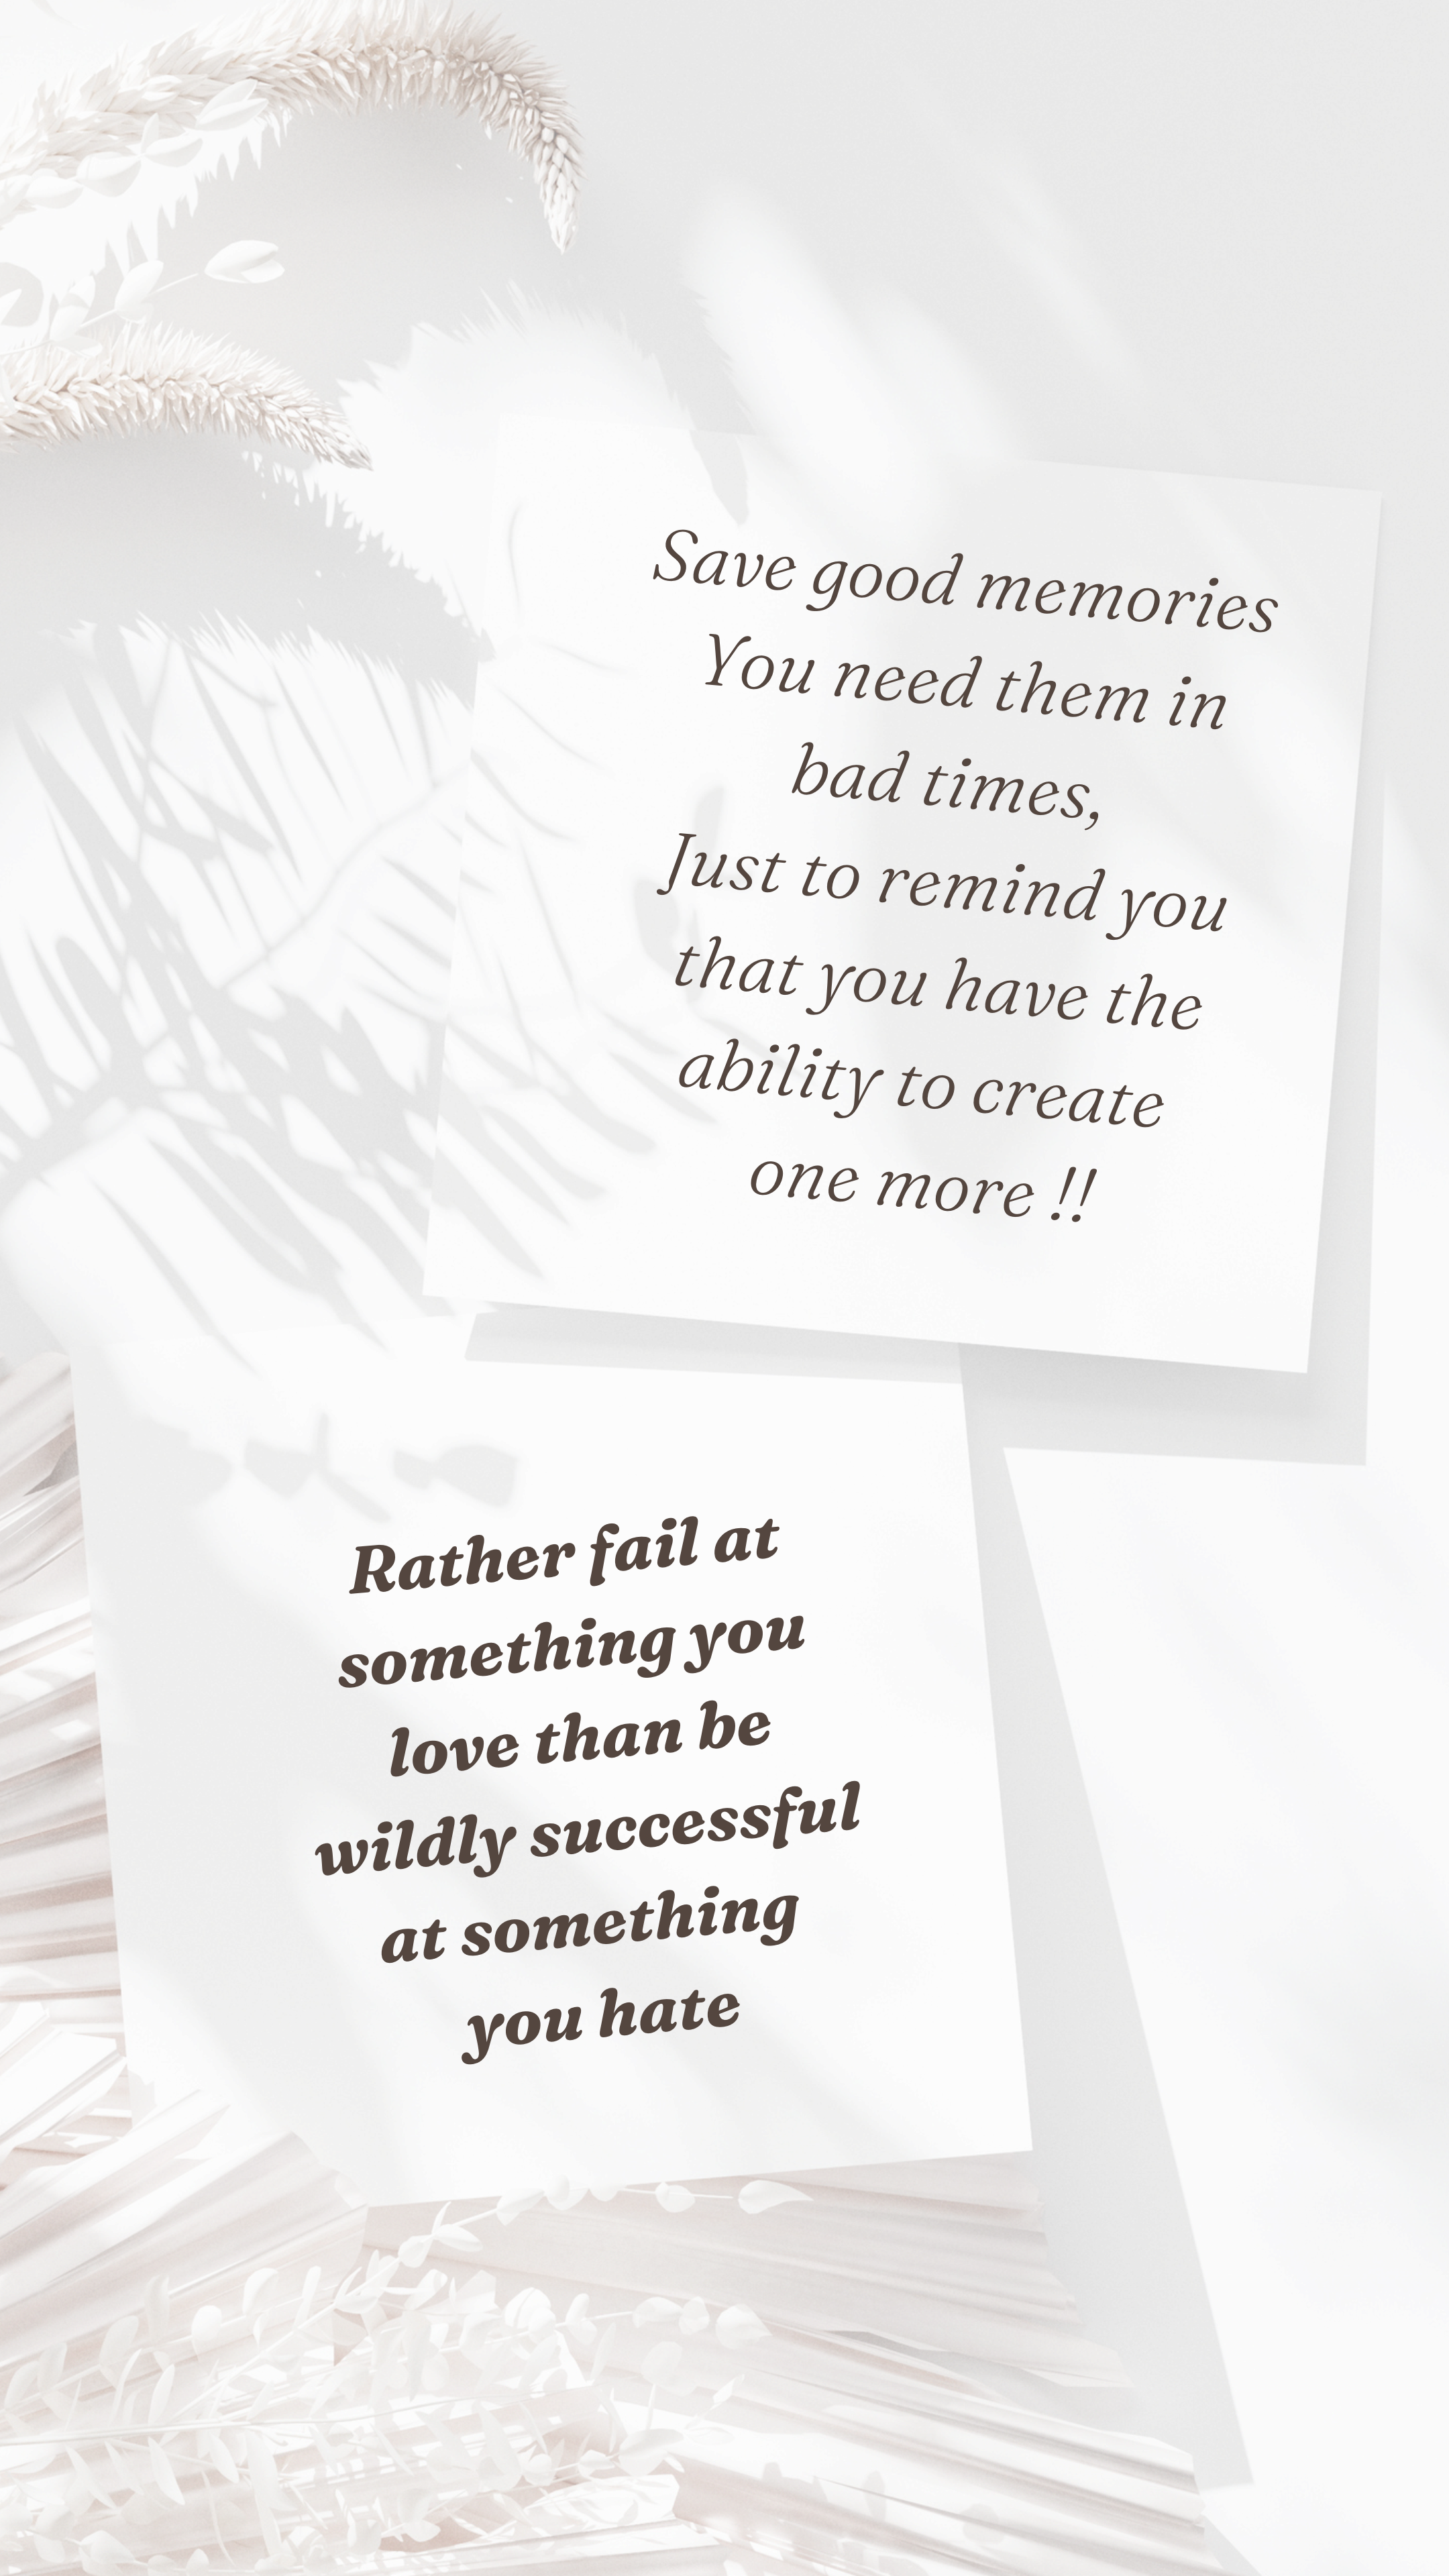

*Embrace the
innocence of a child
in moments of
happiness, and the
strength of a man
when offering support
to others in need*

**If you have a
fear of
something,
trust me,
Face it once
you will
become rebel
at it**

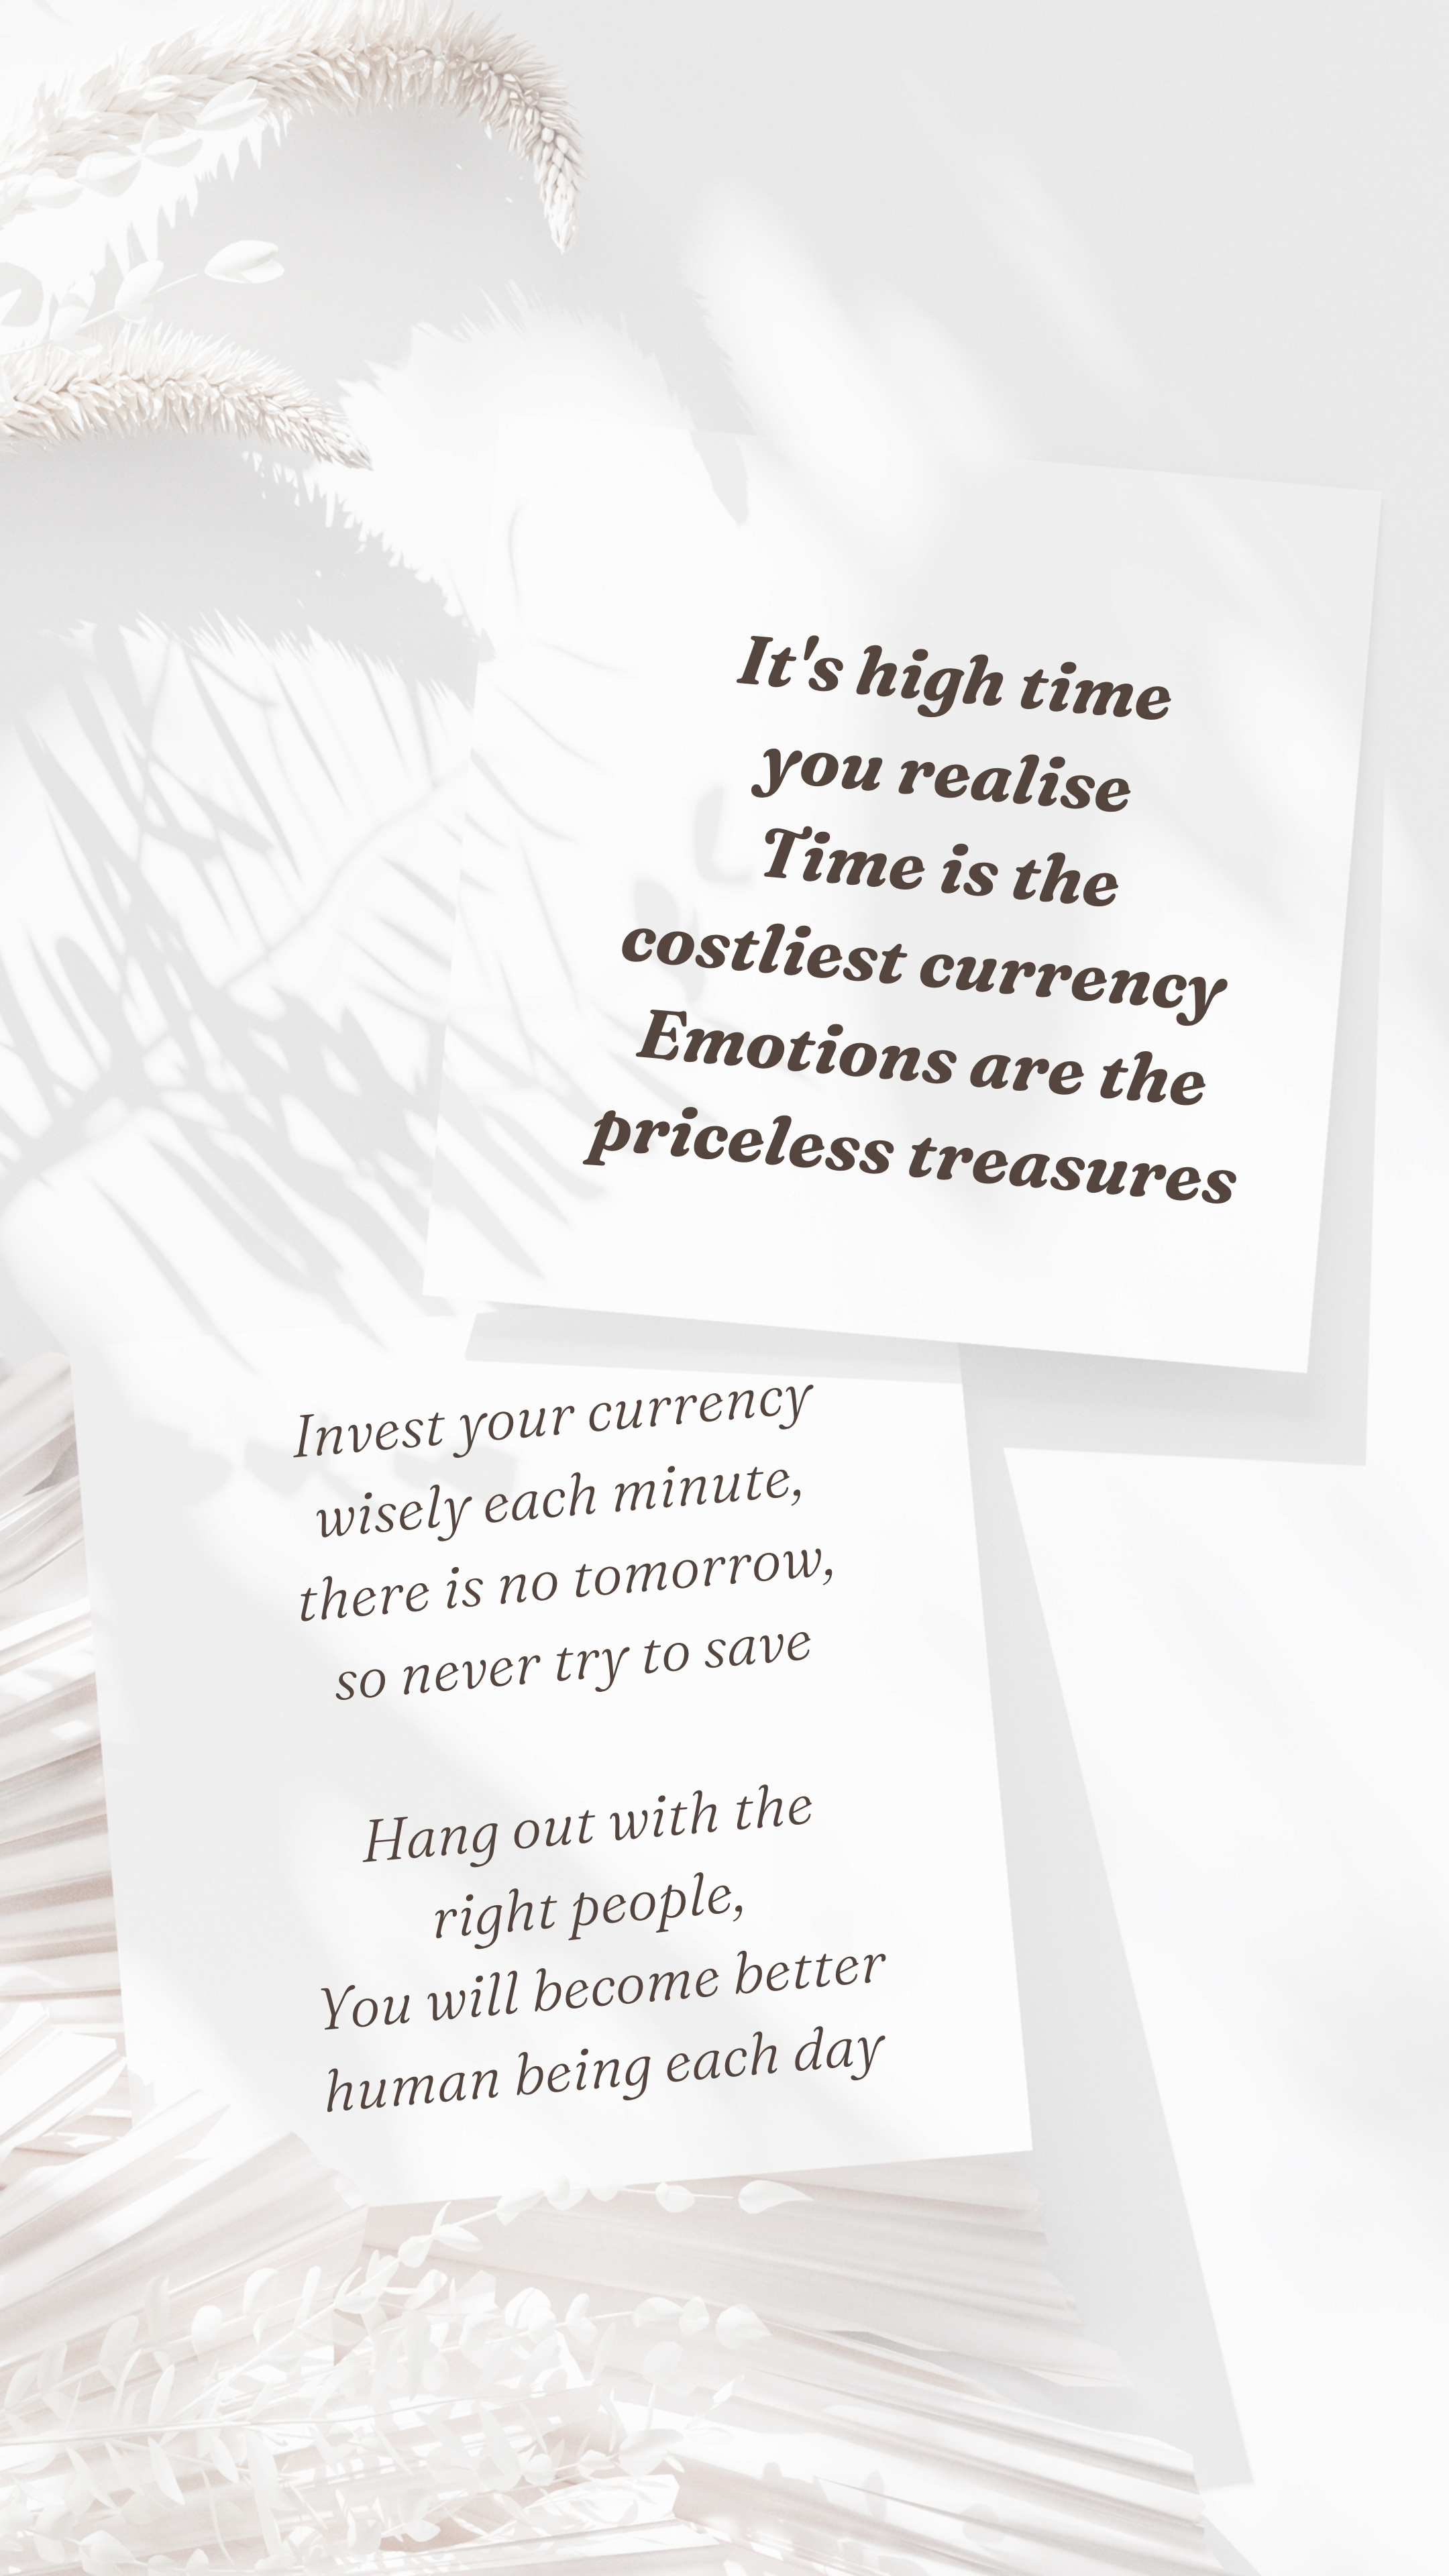

*Learn to deal with
your emotions,
It's a life skill
which no one
teaches*

***It's fine to say NO
Don't try to
satisfy everyone,
It will become the
biggest blunder of
your life***

*Save good memories
You need them in
bad times,
Just to remind you
that you have the
ability to create
one more !!*

***Rather fail at
something you
love than be
wildly successful
at something
you hate***

The image is a vertical collage. At the top left, there are dried, light-colored flowers. The background is a light cream color with soft shadows of various plants, including palm fronds and leafy branches. Several pieces of white paper are layered on top of each other. The topmost paper features a quote in a bold, italicized serif font. Below it, another paper has a longer quote in a regular italicized serif font. At the bottom, a third paper contains another quote in a regular italicized serif font. The overall aesthetic is clean, minimalist, and inspirational.

***It's high time
you realise
Time is the
costliest currency
Emotions are the
priceless treasures***

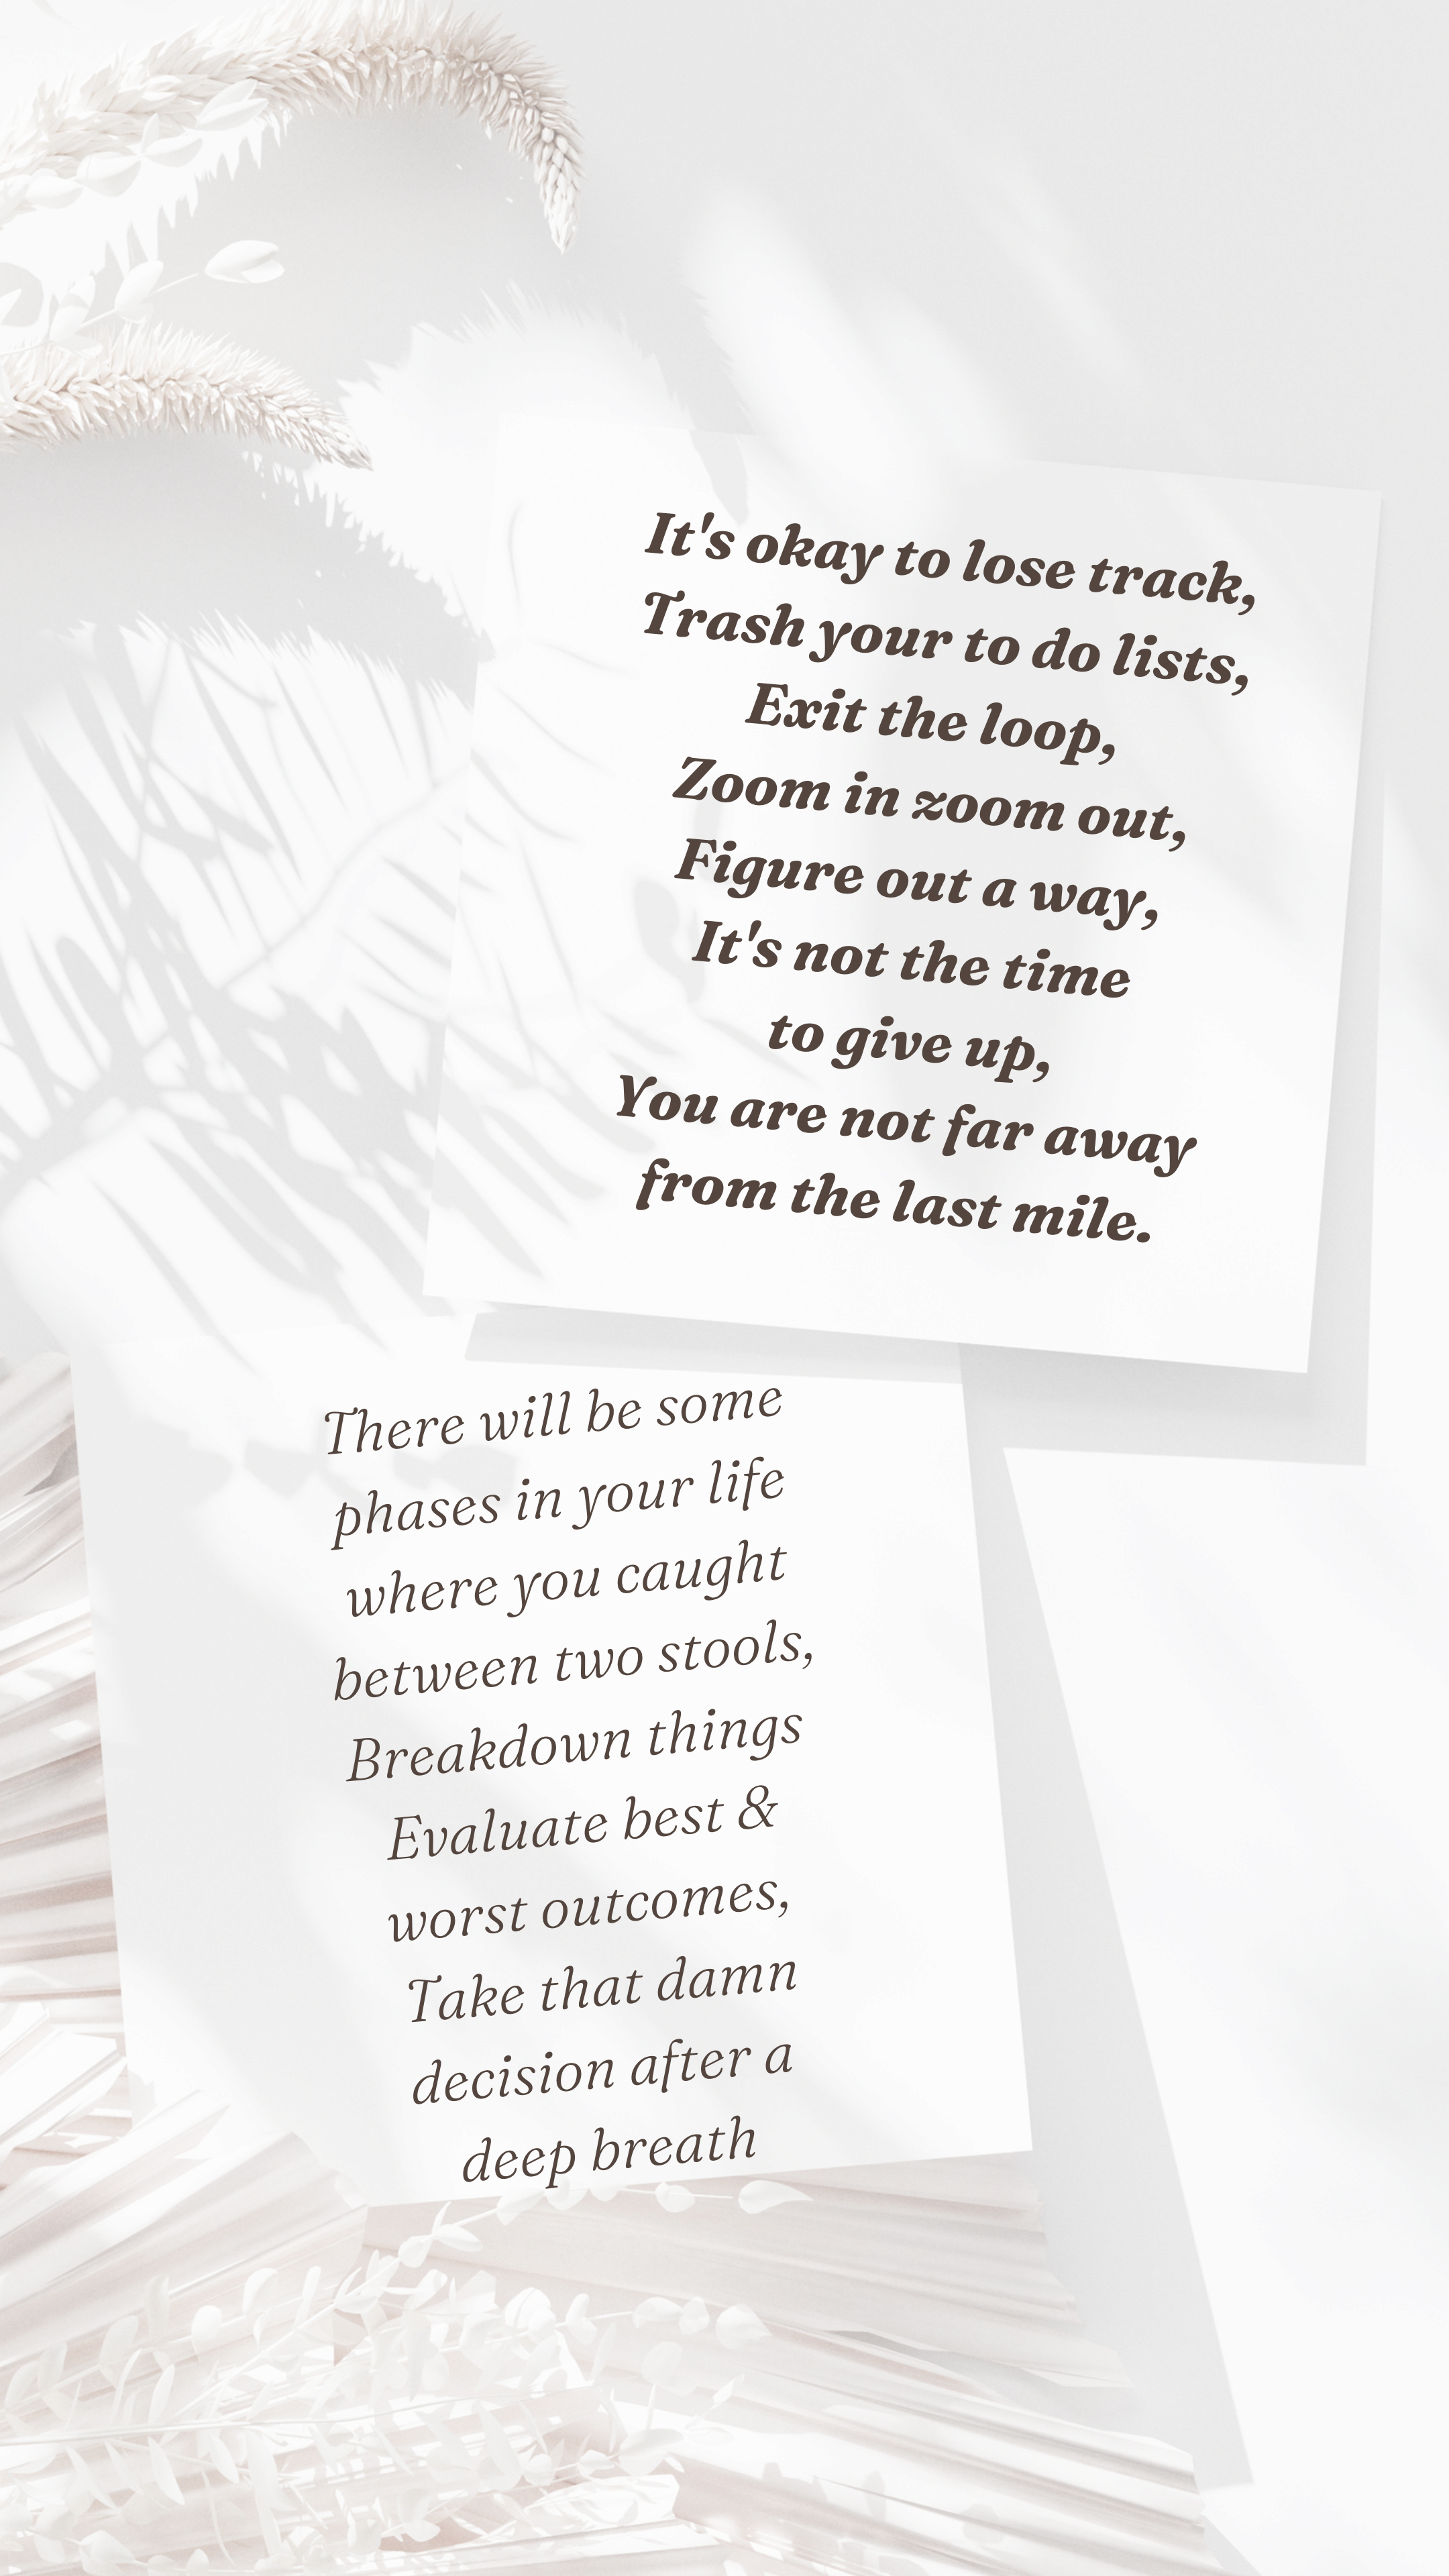

*Invest your currency
wisely each minute,
there is no tomorrow,
so never try to save*

*Hang out with the
right people,
You will become better
human being each day*

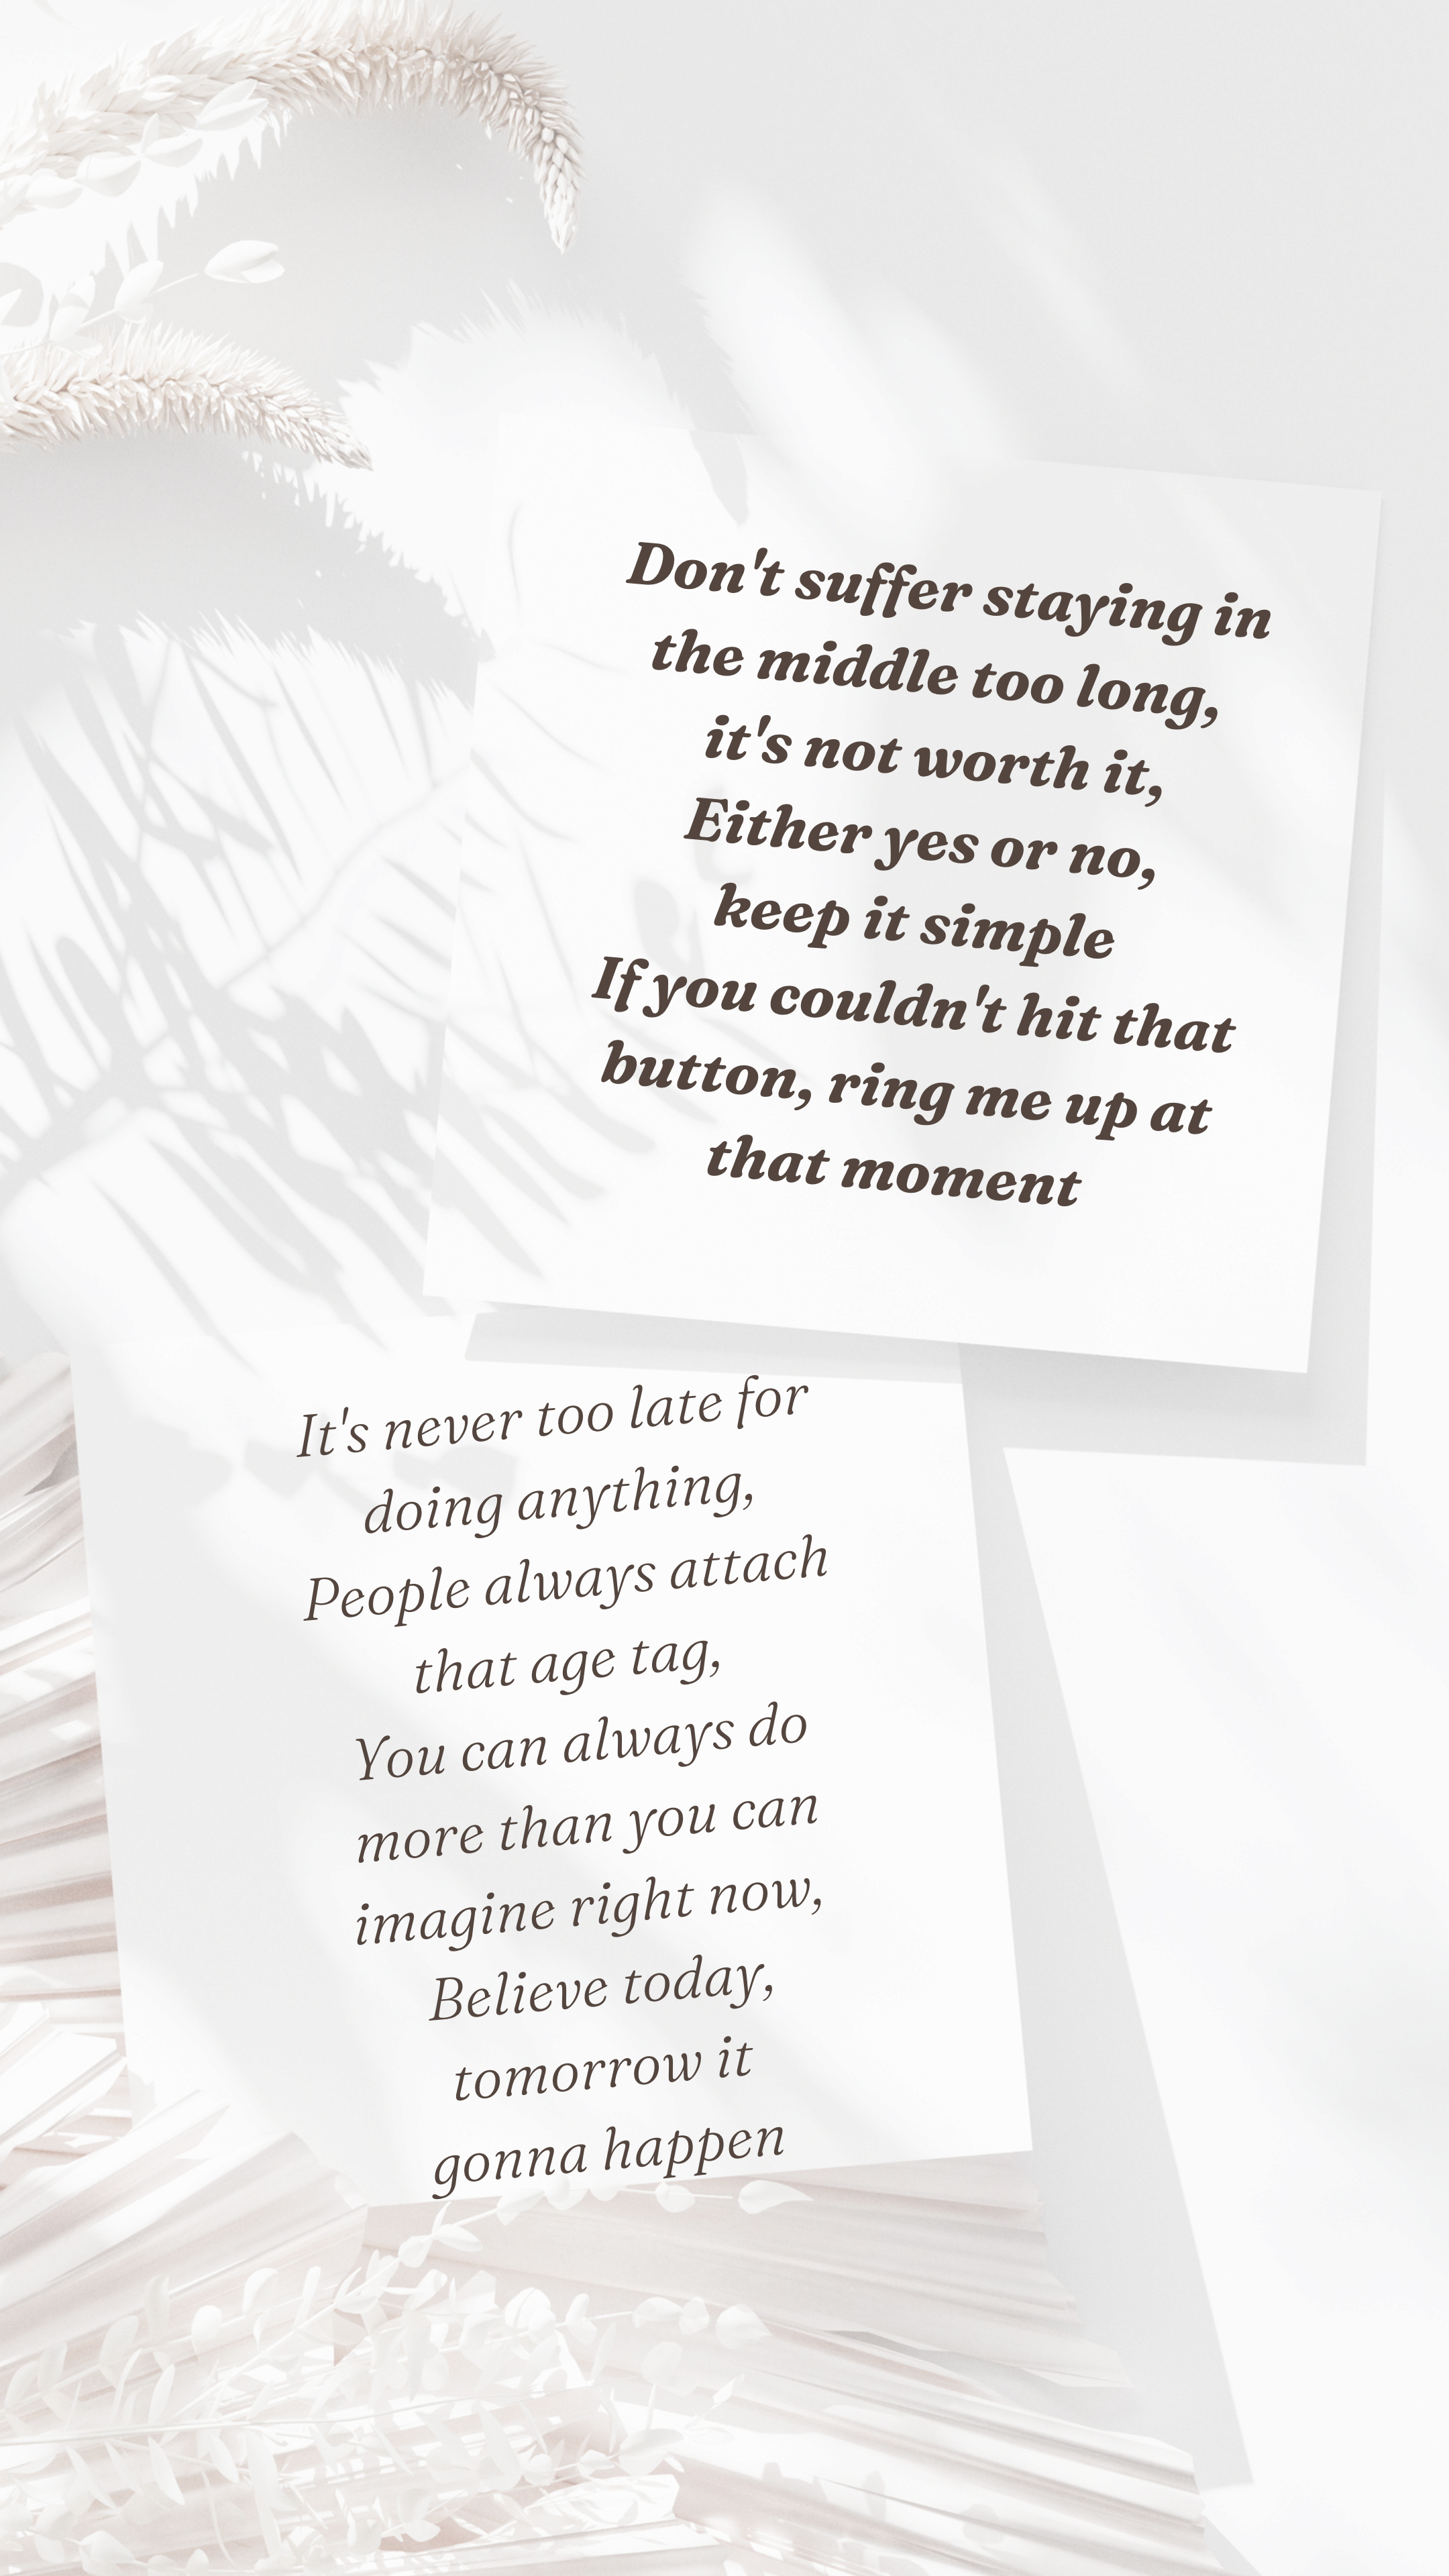

***If you desire a
different path from
the crowd, dare to
tread where others
don't, and do what
they won't***

*Wake up for your
own dreams,
You are an
entrepreneur for
your life project
Build daily to get one
step closer to the life
which you are
dreaming*

***It's okay to lose track,
Trash your to do lists,
Exit the loop,
Zoom in zoom out,
Figure out a way,
It's not the time
to give up,
You are not far away
from the last mile.***

*There will be some
phases in your life
where you caught
between two stools,
Breakdown things
Evaluate best &
worst outcomes,
Take that damn
decision after a
deep breath*

***Don't suffer staying in
the middle too long,
it's not worth it,
Either yes or no,
keep it simple
If you couldn't hit that
button, ring me up at
that moment***

*It's never too late for
doing anything,
People always attach
that age tag,
You can always do
more than you can
imagine right now,
Believe today,
tomorrow it
gonna happen*

PRO TIP

*Rejections will
make you richer*

GOLDEN RULE

*There is no slicing in life,
You gonna live it anyway,
LIVE IT FULLY !!*

Happy
Birthday
